ARCH AND FRONT STREETS, PHILADELPHIA, JAN. 17, 1934.

GENERAL MARKET CONDITIONS:

Throughout the inactive season values on seed crops have held firm with every indication that growers and holders of stocks will not, and perhaps cannot, reduce prices. Compared with conditions of a year ago, there is good reason to believe in, and expect, firm and strong prices to prevail on farm seeds during the coming months.

RED CLOVER: The market has been continuously strong with advancing tendency throughout the fall months, prices today ranging fully \$2.00 per hundred higher than at the beginning of the Crop movement. There is every reason to expect a firm, strong market will prevail on this item.

ALFALFA: There has not been a year since Alfalfa has been used widely, that seed of the most adaptable origin and of excellent quality has been available at such attractive prices. There is no excuse for any farmer in this territory sowing Southern grown unadaptable seed. It is the duty of the merchant to provide seed which is best suited for our territory.

ALSYKE: Comparatively small Crop together with the shut out of Canadian Alsylke (account high duty 8c per pound) makes price on this item look firm.

GRASSES: The Government has purchased rather large quantities of various grass seeds in connection with reforestation and reclamation work, which would tend to make prices strong and perhaps some scarcity in some items may result. Both the market and the quality of Kentucky Blue Grass has been improved by the destruction on the part of the Government of two hundred thousand bushels of old seed previously carried over and, of course, the Government buying for above purposes.

Prices quoted below are today's values f.o.b. Philadelphia. Samples sent promptly upon request. Bags not returnable. We can supply the principal field seeds packed in 1 bu. bags, the packing consisting of high grade material printed in washable ink. Write for details.

ALFALFA

{ 60 LBS. PER BU.
16-20 LBS. PER ACRE }

The records of origin for Alfalfa seed sold by us are kept in accordance with a plan approved by the U. S. Department of Agriculture and are maintained under the supervision of that Department. Under this system

and by arrangement with that Department we are authorized to issue verified-origin seed certificates for such seed, the locality of production of which has been verified by a Federal seed inspector.

Old English Products

TURF BUILDER

A complete food for lawns and golf courses. Some of the ingredients are quickly available, some slowly available. Old English Turf Builder stimulates normal, deep-rooted turf development aiding quick recovery from wear and tear and insect attack. Builds resistance to drought. Contains the three necessary elements of plant food. Contains tankage, making nitrogen available in a form not supplied in most of the advertised fertilizers made solely of chemicals.

100% Fertilizer--No Filler!

6% Nitrogen, 8% Available Phosphoric Acid,
4% Potash.

PER BAG

5 lb. bags (12 in a case)...
25 lb. bags
50 lb. bags
100 lb. bags

Delivery Charges Paid

SHEEP MANURE

A dried and pulverized fertilizer quickly available for use on the lawn, garden and in the greenhouse. Not a lasting or complete plant food but carries organic matter for humus formation and shows results on lawns almost immediately.

PER
100 LB.

Ton Lots.....
Less than Ton Lots.....
Freight Paid

BONE MEAL

A fine ground high-grade plant food, with very high phosphorous content, and containing some nitrogen. Not quickly effective as in the case of our Turf Builder, nor is bone meal a complete plant food, but may be used to advantage along with Turf Builder, fertilizer and sheep manure. May be applied at any season of the year without "watering in," with no scalding or adverse or residual effects, and to secure early and full maturity of blooms in flower gardens outdoors and in conservatories.

100 lb. paper lined bags.

Less than Ton Lots
